WHERE DOES IT SAY THAT?

THIS CONSTITUTIONAL AMENDMENT...

THREATENS PARENTAL RIGHTS

By using "individual" instead of adult or woman, anyone under the age of 18 could have an abortion or make any other reproductive decision without their parents' consent or notification.

PUTS WOMEN AT RISK

Current Ohio laws* require abortion providers to explain procedure risks and ensure access to hospital transfer if needed. These health and safety standards could be seen as a "burden" and be eliminated, making it even less safe for women seeking an abortion.

ALLOWS ABORTIONS THROUGH 9 MONTHS OF PREGNANCY

In U.S. law,** "health" includes age or physical, emotional, or psychological well-being. This means a woman's age or emotional health could be cited to justify aborting a full-term baby. An abortion-providing physician would decide when a baby could survive outside the womb, leaving no clear protections for preborn children.

IS MISLEADING

Referring to "miscarriage care" promotes a myth that a "right to abortion" is necessary to preserve care for miscarriages and ectopic pregnancies. This is false. Catholic hospitals have always provided comprehensive miscarriage care and will continue to do so regardless of the outcome of this vote.

ARTICLE I, SECTION 22

*The Right to Reproductive Freedom
with Protections for Health and Safety*

1. Every individual has a right to make and carry out one's own reproductive decisions, including but not limited to decisions on contraception, fertility treatment, continuing one's own pregnancy, miscarriage care, and abortion.
2. The State shall not, directly or indirectly, burden, penalize, prohibit, interfere with, or discriminate against either an individual's voluntary exercise of this right or a person or entity that assists an individual exercising this right, unless the State demonstrates that it is using the least restrictive means to advance the individual's health in accordance with widely accepted and evidence-based standards of care.
3. However, abortion may be prohibited after fetal viability. But in no case may such an abortion be prohibited if in the professional judgment of the pregnant patient's treating physician it is necessary to protect the pregnant patient's life or health.
4. As used in this Section, "Fetal viability" means "the point in a pregnancy when, in the professional judgment of the pregnant patient's treating physician, the fetus has a significant likelihood of survival outside the uterus with reasonable measures. This is determined on a case-by-case basis"; and "State" includes any governmental entity and political subdivision.
5. This Section is self-executing.

2317.56 & 3702.303

BE PART OF OUR EUCHARISTIC REVIVAL
REGISTER NOW FOR *THE EUCHARIST IN SCRIPTURE*, small faith sharing groups.

Have you ever wondered about how the Eucharist can have deeper meaning in your life and the lives of your families? Do you have the desire to grow deeper in your faith and in your love of Jesus? Do you yearn for connection with other like-minded Catholics in our faith community? Do you want to have meaningful conversations about our faith and make lasting friendships that will help to carry you when times are tough? If you answered yes to any of these, now is the time to register for a small faith sharing group.

The program's format is a workbook-like publication. It includes Old Testament texts on meals and then relates those key elements to the Eucharist in the four Gospels and to Saint Paul. Personal prayer, group discussion, reflection questions, and video lectures round out the program. Join us as we support the Eucharistic Revival in our Diocese of Cleveland.

Deadline to register is September 11, 2023, and the cost of the program is \$15 to cover the books. (Funds are available to help with the cost if needed.)

Weeks of *The Eucharist in Scripture* include September 25 through October 23
(5 sessions – 1 per week, 5-week program)
